

Learning Tour Opportunities

Entering deeply into the reality of a conflict situation is fundamental to Christian peacemaking. Well planned learning tours that benefit from years of relationship cultivated by church workers offer unparalleled opportunities.

Mennonite Church USA pastors are invited to participate in a “Come and See” mini-tour in March 2016 in conjunction with the Christ at the Checkpoint conference in Bethlehem. Find more information at [this link](#).

If you are interested in learning about future “Come and See” tours or other tour opportunities, or if you are a tour operator interested in collaborating with the “Come and See” initiative, please contact André Gingerich Stoner, Director of Holistic Witness (andregs@mennoniteusa.org).
