

## Resolution

### In response to the [Executive Board's pastoral letter to KC2015 delegates](#)

*Passed by the Mennonite Church USA Delegate Assembly at Kansas City, Missouri, July 1, 2015*

As a delegate body, we wish to express our deep appreciation to the Executive Board and their staff for the careful and thoughtful leadership processes that they put into place during this past bi-annum.

We acknowledge the challenges, confusion and uncertainty that they have faced as they sought to provide non-anxious leadership in this time of turbulence that surrounds our church life associated with the pressures of our cultural challenges.

As part of our covenant with you as our leaders, we acknowledge your sincere confession represented in your pastoral letter to us. We offer to you mercy and our sincere forgiveness.

As we navigate the uncertainty of our future together, we welcome your continued transparency with the challenges you are facing and your commitment to clarity of leadership practices.

We seek to walk together knowing the challenges, but trusting your leadership practices to guide us into the work that lies before us.
