Advance medical directives

While not required for earning the incentive, making your wishes known to your family, your physician, and documenting them in a living will eases minds and hearts during times of great stress. Check the one that applies:

- I have advance medical directives in place and have shared them with my medical provider and loved ones.
- In the next year I plan to have advance medical directives in place and share them with my medical provider and loved ones.
- I have no plans to create advance medical directives.

Wellness incentive authorization

I (employee) or my spouse completed a routine wellness exam as indicated above. I would like the \$150 wellness incentive money I am eligible for to be:

- Paid to me by check (your employer will include this as taxable income on your W-2 statement).
- An employer HSA contribution made directly to my Everence* HSA (not taxable income or tax-deductible HSA contribution, but counts toward my annual HSA contribution limit). The number of my Everence health savings account is _____.
- Contributed to the Mennonite Church USA's Fair Balance Subsidy Fund that provides health premium assistance (your employer will include this as taxable income on your W-2 statement and you also may claim it as a tax-deductible contribution). Everence will match your contribution.

**If you have a different custodian for your HSA, you will need to have the check paid to you and make the contribution yourself.*
