I. Congregational Employee Plan Health Coverage and COVID-19

- The Corinthian Plan health coverage (known specifically as the Congregational Employee Plan) will cover the following for participants without applying the normal deductible cost-sharing requirements: Diagnostic testing for COVID-19 along with related items and services. Related items and services are those provided during a health care provider office visit (including telehealth visit), urgent care center visit, and emergency room visit that results in an order for or administration of COVID-19 testing, but only to the extent those items and services relate to the furnishing or administration of COVID-19 testing or the evaluation of the individual’s need for COVID-19 testing. Normal deductible cost sharing will be applied to unrelated items/services.

- Expenses for COVID-19 treatment will be subject to the normal deductible cost-sharing requirements of the CEP health plan.

- The Amwell telemedicine benefit of the CEP health plan is expanding to waive the deductible cost-sharing requirement for all Amwell virtual physician visits for 90 days. The waiver applies to all Amwell telemedicine and virtual visits regardless of whether the visit is related to the diagnosis or treatment of COVID-19 (this includes General Medicine, Behavioral Health, and Tele Dermatology visits). This expanded benefit is effective 3/13/20 through 6/10/20. If a member has been charged for an Amwell telemedicine or virtual physician visit, Amwell will reprocess the claim and credit the card that was charged for the visit, going back to 3/13/20.

- The CEP health plan also covers non-Amwell virtual visits with a physician. Non-Amwell virtual visits will be subject to the normal deductible cost-sharing requirements of the CEP health plan.
